NHS spring Covid-19 vaccine rollout kicks off with more than half a million appointments already booked

Covid Vaccine Spring Booster

Individuals aged 75 and up (including those by June 17, 2025), older adult care home residents, and immunocompromised people aged six months and up require additional protection this year. Local NHS teams are working hard to make it as convenient as possible for people to get vaccinated close to home, and about 7.5 million people will be invited to receive vaccinations. Invites will be sent via email, NHS App messaging, SMS, or letters; but, you do not need to wait for an invitation to make your appointment.
